

It is difficult to believe that a month has past since our first newsletter. July has zipped past, the days are getting longer and we are two thirds through winter. I'm sure we are all hanging out for summer to return. WVCTC hosted another three successful shoots during July, one Friday night and two Sunday shoots. Brownie has put together great programs to date with many more coming up throughout 2014. Shooter numbers have been climbing steadily. Interestingly, we hosted 9 full squads on the Friday night shoot (although the weather was cold and windy), 10 full squads on Sunday 13th July and 67 shooters on Sunday 27th July. Results of the July shoots are posted below.

SPORTING SHOOTERS:

The new system has been installed and is running great. It may still require a little fine tuning which will be carried out as we receive feed back and/or foresee any problems. Your feed back and suggestions on how we can improve it are welcomed.

ACCESS ROAD:

For those that have been to the club in the last week or so will have noticed that the road into WVCTC has been repaired making the drive to the club house much more pleasurable. To maintain the road, we ask that you keep your speed down.

WEB SITE:

Work continues on the web site and we hope it will be completed in the next month.

CLUB APPAREL:

Just a reminder that WVCTC apparel is now available for all to purchase. We have ordered jackets in additional sizes which will be available at the end of the month.
