

We have hosted a number of shoots since the last newsletter including a sporting shoot. You will find the results of these shoots below and on the back this newsletter.

It is great to see a steady increase in competitors over the last few months. We regularly have members from Frankston, Melbourne, MCC, Kyneton, Beaufort, Sebastapol, Metro (sorry if I have missed any clubs) and many other clubs competing at our shoots. We wish to thank these competitors and our own members for coming along and making these shoots great events.

SPORTING SHOOTERS:

As previously report, the new system has been installed and is running great. The coin box still requires a little fine tuning which we are working on. The rabbit trap has been replaced and working extremely well. Our Vice President Tony DiMuri has been giving the 5 stand a lot of attention which is the reason it is running so well. We plan to have a number of shoots next year so stay tuned for the dates. Your feed back and suggestions on how we can improve it are most welcomed.

ACCESS ROAD:

As mentioned in the last newsletter, the road into WVCTC has been repaired making the drive to the club house much more pleasurable. However, we request that you keep your speed down in particular around the corner to keep the road in good condition and the dust down.

WEB SITE:

I reported in the August Newsletter that our new web site would be up and running by now but unfortunately we have experienced a few minor problems however, we hope to have it completed shortly. In the meantime, shoot calendars and the newsletter can be accessed on the current site.

CLUB APPAREL:

WVCTC apparel is now available for all to purchase through Sonia at the bar or any committee member if Sonia is not available. We have many sizes available but should we not have your size, we can place a special order for you.

SHOOTERS JACKETS:

We also have shooters jackets for sale at \$120. This price includes the WVCTC logo embroidered on the front and your name on the back. These are available by special order and take about two weeks to come in. Jackets must be paid for at time of ordering.

AROUND OUR GROUNDS:

We continue to make subtle (and some not so subtle) improvements around the grounds and club house. The new score board was installed last week and used for the first time on the weekend shoot. It certainly looks fantastic and is great to write on.

Additional glassed area was also fitted outside the noms office to keep out inclement weather. Once the bench is installed and the area completed, it will make filling out noms forms much more pleasurable.

Keep an eye out for additional works being carried out as time and funds permit.

CHRISTMAS SHOOT:

Our Christmas shoot will be held on 7th December. This will be a family fun day so bring the whole family along. Shooting will commence at 10am. We will break for a cooked lunch around 12pm and recommence after lunch. It will be a fun day so come down and enjoy the festivities.

Regards, ED.
